The city of Dresden and the Elbe Cycle Route

Marvel at the rebirth of a city whose religious ideas triggered far-reaching changes. Who could have imagined that Martin Luther, one of Europe's most dynamic reformers, would meet with the papal legate in personal dialogue in a church in Wittenberg when he was just 26 years old? His observations and expressions of concern about the Church of Our Lady, built in the 14th century, spurred a movement that would transform the religious landscape of the world. For 11 years, Martin Luther taught and preached in Wittenberg, which remains the site of the Reformation movement. Today, he is celebrated as a cultural and spiritual hero.

The story of Berlin begins even before the Brandenburg Gate was ever built. Among the many compelling elements of this remarkable city is the story of Martin Luther. Your personal travel story begins with a departure from Berlin, Germany, for a tour of the historic city. Lutheran Martin Luther came here in 1517 to see the walls of the city. He also left here in 1518, as he fled the wrath of the Church. His ideas and beliefs found their way into the 95 Theses, which he nailed to the door of Castle Church in 1519. Three years later, he was on his way to the famous Diet of Worms, which was convened to try him for heresy. Luther’s subsequent trial turned him into a symbol of defiance against the powerful Roman Catholic Church. Upon his return to Wittenberg, he found the Church of All SaintsBombay.
