Circumnavigation of Iceland

Cruising aboard the
Exclusively Chartered, New Small Ship
Five-Star Le Bellot

June 28 to July 6, 2020
Round-Trip Air Included from Select Cities’
Dear Spartans:

Resting on the edge of the Arctic Circle, Iceland is a realm of astonishing beauty where nature reigns supreme. This otherworldly land of fire and ice is an ensemble of steaming fumaroles, bubbling mudpots, breathtaking waterfalls, venting geysers and calving glaciers.

Join MSU Professor Dr. Dan Hayes as he gives his perspective on this unforgettable exploration through Iceland’s seemingly endless variations of magnificent scenery and fascinating cultural heritage. During our specially designed, seven-night circumnavigation of this Nordic island nation, experience close encounters with Iceland’s primal landscapes and unique wildlife at the best time of year, when the Midnight Sun of the summer solstice melds into lingering twilight. Cruise aboard the exclusively chartered, Five-Star Le Bellot—launching in 2020—able to cruise into small ports inaccessible to larger vessels and to alter course as ethereal waterways, rugged fjords and magisterial glaciers unfold before you.

Explore cosmopolitan Reykjavík, the world’s northernmost capital and a vibrant example of Iceland’s egalitarian society. Visit seldom-trod islands and coastal hamlets where the mythic lore and epic sagas of Iceland’s national identity are passed down through generations. Cruise into Sílufjórdur, cross the Arctic Circle on Grimsey Island, touch ice fragments calved from Breiðamerkurjökull in UNESCO-designated Vatnajökull National Park and marvel at dramatic Goðafoss, the “Waterfall of the Gods.” Look for orcas and humpback whales as you cruise past Surtsey, one of Earth’s youngest islands and a UNESCO World Heritage site.

Experience the awe-inspiring power of nature on this incomparable circumnavigation of Iceland. This program features included round-trip air from Boston, New York-JFK, Newark, Toronto and Washington-Dulles, or Low Air Add-Ons for an additional $200 per person from Chicago, Dallas and Minneapolis, or an additional $300 per person from Denver, Portland, San Francisco, Seattle and Vancouver.†† Make your reservation now while space and Early Booking Savings are still available!

Faculty Host

Dan Hayes is a Professor in Michigan State University’s Department of Fisheries and Wildlife as part of the Partnership for Ecosystem Research and Management. His position at MSU focuses on cooperative research with the Michigan Department of Natural Resources with an emphasis on linking fish population dynamics with habitat quality. Some of his current research projects include a study of the effects of a rock ramp structure in Chesaning on fish, the effects of dams in general on fish habitat and populations, and limitations imposed on fish reproduction by zooplankton. Dan currently teaches an introduction to field techniques in fisheries and wildlife and introductory statistics, and has previously taught population analysis and management and system simulation for natural resource management. To top off these teaching responsibilities, Dan has had the privilege of leading MSU’s study abroad program to Antarctica four times, and has hosted an MSU Alumni trip to the frozen continent. Dan enjoys nearly all outdoor activities, and is an avid angler, hunter, birder and kayak enthusiast. He considers himself to be very lucky to live on Park Lake in Bath Township where he can engage in all these pursuits. He chairs the township’s Park Lake Advisory Board, where he is personally invested in finding cost-effective ways of improving the management of our lake and fishery resources.

A minimum number of participants is required to confirm faculty participation.

†† Included airfare and Low Air Add-Ons have limited availability and are not guaranteed.
U.S. Sunday, Day 1
Depart the U.S.

Reykjavík, Iceland Monday, Day 2
Arrive in Reykjavík, a UNESCO Creative City of Literature. See the idyllic parks and botanical gardens of Laugardalur, where a geothermal, Olympic-sized outdoor swimming pool speaks to Iceland’s seemingly endless supply of natural hot water. Continue to the superb National Museum, where over 2000 artifacts—including the priceless 13th-century Valþjófsstaður church door—provide a comprehensive account of Iceland’s history and culture.

Visit Hallgrímskirkja church, whose distinct silhouette rises above Reykjavík’s skyline. Continue to Reykjavík’s old town center, a compact core of narrow streets lined with small, colorful houses, before boarding Le Bellot.

Please note that the ship’s cruising pattern and direction are dependent on weather and sea conditions and are subject to change.

Vigur Island/Ísafjörður Tuesday, Day 3
Enjoy the morning cruise to the awe-inspiring, seldom-visited Westfjords peninsula. On verdant Vigur Island—home to one single farming family—observe Arctic terns, black guillemots, eiders and thousands of puffins in their natural habitat. See relics of Iceland’s traditional farming heritage, including the nation’s only windmill and a 200-year-old rowboat still used to ferry sheep to the mainland. Enjoy sweeping fjord views and keep watch for whales, dolphins and seals. Visit Iceland’s smallest post office and savor coffee and cakes served by our hosts in their home, the picturesque 19th-century Viktoria House.

This afternoon, cruise up Ísafjarðardjúp, the dominant fjord of this remote 14-million-year-old region, framed by the dramatic rise of rugged mountains. Near the town of Ísafjörður, visit the open-air Ósvör Maritime Museum, where restored 19th-century fishermen’s huts and fishing equipment vividly depict the harsh reality of the lives of generations of Iceland’s fishermen. Tour Ísafjörður’s Westfjords Heritage Museum, where fishing and nautical exhibits, including tools from whaling days and evocative old photos, relate this remote outpost’s fascinating maritime history.

Attend the Captain’s Welcome Reception on board the ship this evening.

Siglufjörður/Grímsey Island/Arctic Circle Wednesday, Day 4
Clinging to the foot of steep mountain walls at the entrance to a gorgeous fjord, charming Siglufjörður is one of Iceland’s most dramatically sited towns. Multicolored houses lead to a bustling harbor, the hub of the town’s fishing industry. Siglufjörður celebrates the glory days of herring fishing at the award-winning Herring Era Museum, which recreates the history of fish salting and oil processing during the early 20th century. Enjoy a lively,
music-filled performance illustrating síldarsölutun (the traditional herring salting process).

Return to the ship and cruise to Grímsey Island, which straddles the top of the world at 66 degrees north. Craggy coastal cliffs and basalt formations host dozens of species of seabirds, including puffins and auks. Visit Grímsey Church, built out of driftwood in 1867, and walk across the Arctic Circle, where the island is lush with grasses and mosses.

**Húsavík for Lake Mývatn**

**Thursday, Day 5**

Explore northern Iceland’s extraordinary natural landscapes, stopping at Námaskarð—a geothermal wonder of boiling, sulfurous mudpots—and the pseudocraters at Skútustaðir, formed when hot lava flowed across the wetlands over 2000 years ago. Walk among the surreal “dark castle” lava formations of Dimmuborgir and drive along the shores of cerulean-blue Lake Mývatn, a birder’s paradise harboring many rare migratory birds and 14 species of Iceland’s bountiful wild ducks.

Continue to Goðafoss, or “Waterfall of the Gods.” According to legend, this waterfall earned its name when an Icelandic lawspeaker threw wooden statues of Norse gods into its crashing waters, signifying his conversion to Christianity.

**Seyðisfjörður**

**Friday, Day 6**

Seyðisfjörður is a tranquil, 11-mile-long fjord that winds toward its eponymous town, a thriving artist’s community where colorful, chalet-style houses shelter beneath Mount Strandartindur and Mount Bjólfur (Beowulf).

Look for gregarious orcas in Iceland’s coastal waters.

Explore the sulfuric mudpots of Námaskarð, where the mineral-rich, desert-toned terrain appears almost Mars-like.
Tour Reykjavík and see the church of Hallgrímskirkja, which mirrors natural basalt formations along Iceland’s southern coast.

Visit the sky-hued Blue Church and observe a specially arranged cultural and musical performance. Continue to the Technical Museum to learn more about the mechanical and architectural innovations that characterize this island nation, and enjoy light refreshments.

Djúpivogur for Jökulsárlón
Saturday, Day 7
Enjoy a full-day scenic excursion, with lunch, along Iceland’s east coast with stunning mountain views.

Board a specially designed small boat for a private cruise amid the luminous blue icebergs of Jökulsárlón glacier lagoon and touch the ice that has calved off the outlet tidewater glacier. These mesmerizing ice sculptures can spend up to five years floating in the 820-foot-deep lagoon before moving out to sea via Iceland’s shortest river.

Heimaey, Westman Islands/
Cruise along Surtsey Island
Sunday, Day 8

Arrive at Heimaey Island, part of the Vestmannaeyjar (Westman Islands) archipelago, and stop at Sprangan, the craggy cliff where young islanders learn the local pastime of rope swinging.

See the ruins of ancient Viking farmhouses dating from A.D. 650 in Herjólfsdalur Valley, observe Heimaey’s largest puffin colony from the headland of Stórhöfði and view a timbered stave church in scenic Skansinn. See imposing Mount Eldfell and tour the Eldheimar Museum, which chronicles the fateful volcanic activity of 1973 and its impact on the community.

This evening, cruise along the coast of Surtsey Island, a UNESCO World Heritage site. Created during volcanic activity between 1963 and 1967, it is one of the youngest and most fragile islands on Earth; scientists continually study the evolution of flora and fauna. Be on the lookout for graceful orcas that frequent the region.

Join your traveling companions for the Captain’s Farewell Reception this evening.

Reykjavík/U.S.
Monday, Day 9
Following breakfast, disembark and transfer to the airport for your return flight to the U.S.

Take in the stunning panoramas from the futuristic glass dome of the Perlan Museum and discover its immersive exhibits on volcanoes, earthquakes and geothermal zones. Accommodations are for two nights in the deluxe Hotel Borg.

The Pre-Circumnavigation Option is available at additional cost. Details will be included with your reservation confirmation.

A land of unparalleled geological riches, Iceland is comprised of 4500 square miles of glaciers, 30 active volcanic systems, 800 hot springs and over 10,000 waterfalls. Born of the monumental forces unleashed during the movement of the North American and Eurasian tectonic plates and carved out by formidable glaciers and incredible waterfalls, the land is a combination of intense natural energy and veritable calm. The topography of Iceland continues to evolve, yet many of its landscapes remain nearly unchanged since the first Viking settlers laid eyes on them more than 1100 years ago.

During your circumnavigation, see volcanic craters and fissures, watch as bubbling hot springs erupt steam into the air against a backdrop of Mars-like terrain, encounter pristine waterfalls and black lava deserts, and witness the stoic majesty of mountains capped with snow and volcanoes slumbering beneath sheets of ice. Along the coast, Iceland’s characteristic fjords chronicle the powerful path of the glaciers. Enjoy these natural wonders, in constant flux as glaciers calve and shift and new mountains emerge from volcanic lava flow. A startlingly beautiful portrait of Earth’s history and progress, Iceland is a primordial landscape hewn by the forces of fire and ice.

Explore “Diamond Beach” along Jökulsárlón glacial lagoon, where glistening ice formations contrast the slaty sand.

Encounter the majesty of Strokkur, a fountain geyser that jets hot water toward the sky every six to eight minutes, on the Reykjavik and the Golden Circle Pre-Circumnavigation Option.
