Day 3 – Arusha National Park
This morning we drive to Arusha National Park which is located between the peaks of Mount Kilimanjaro and Mount Meru. The park consists of a wide range of habitats, from crater lakes to montane forest. Here we will have opportunities to observe the black and white colubus monkey as we enjoy our full day game drive in the park. Overnight Dik Dik Hotel (BLD)

Day 4 & 5 – Tarangire National Park
Enjoy two full days exploring Tarangire National Park with morning and afternoon game drives. Tarangire is known for a wonderful diversity of wildlife amidst the many baobab trees for which Tarangire is famous. Tarangire, best known for its large herds of elephant, is home to more than 2,500 individuals and more than 260 bird species. Overnight at Safari Legacy’s Maisha Kikoti Safari Camp. (BLD)

Day 6 – Tarangire / Lake Manyara National Park / Mto Wa Mbu Cultural Village Visit / Ngorongoro Highlands
Today our journey takes us to Lake Manyara National Park. As we drive west across the Maasai plains toward Lake Manyara National Park occurs a dramatic change in habitat as grasslands give way to ground-water forest featuring sausage trees and strangler figs. Lake Manyara is a shallow alkaline lake, one of the many in the Rift Valley supporting vast flocks of flamingo. After our picnic lunch and game drive we drive to Karatu where we have an opportunity to experience and explore
the Iraqw Cultural Village. We continue to the Ngorongoro Highlands where we overnight at the magnificent Plantation Lodge, in Karatu. (BLD)

**Day 7 – Ngorongoro Crater**
After breakfast, travel to the Ngorongoro Crater, the Earth’s largest unbroken caldera. A veritable “Garden of Eden”, the Crater is reputed to contain the highest density of carnivores, which includes cheetah, leopard and lion. This is the only place in East Africa where one can easily observe a natural population of black rhino. Full day exploring the crater with picnic lunch. This evening we overnight at the Plantation Lodge, in Karatu (BLD)

**Day 8 & 9 – Olduvai Gorge & Maasai Village / Serengeti National Park (Seronera Valley)**
Today we navigate around the crater’s rim descending to Olduvai Gorge, one of the most important prehistoric archaeological sites on Earth. It was here in the 1950’s that Louis and Mary Leakey first uncovered the fossilized teeth and skull of one of our earliest ancestors. After an interpretive presentation, we continue to Tanzania’s most renowned national park, the Serengeti. Home to the greatest concentration of large mammals on Earth, the migratory herds of wildebeest, zebra and gazelle roam widely in search of green grass and water. Morning and afternoon drives each day. We spend the next two nights at the luxurious Bilila Lodge overlooking the acacia dotted plains of the Serengeti. (BLD)

**Day 10 & 11 – Serengeti National Park (Western Corridor – Grumeti) / Lake Victoria Fishing Village**
Traveling west beyond the Seronera Valley, we enter the Western Corridor and Grumeti River region of the park. Famous for a population of Nile crocodiles, the Grumeti is located in a lovely rolling hill and acacia woodland habitat. We enjoy morning and afternoon game drives each day which will provide an opportunity to explore this great park which provides a year round habitat for many of the Serengeti’s bird and mammal species. Visit and explore a fishing village located on the shore of Lake Victoria. We overnight two nights at the beautiful Mbalangeti Tented camp. Farewell bush dinner on our last night. (BLD)

**Day 12 – Serengeti / Arusha – Cultural Heritage / Depart**
After our morning game drive we fly to Arusha. On arrival we have lunch and finish our shopping for woodcarvings, art or tanzanite at the Cultural Heritage. We enjoy dayrooms at the Dik Dik Hotel until our transfer to the airport this evening.
